Red Rules

Comfort and convenience played an important role in the renovation of this kitchen for two busy physicians.

Sleepy Hollow Kitchens and Sunrise Building & Remodeling teamed up to design a kitchen that married daily conveniences with the clients' love of entertaining. Demanding schedules led the owners to appreciate such expediences as the warming drawer under the double ovens and the microwave drawer on the island. Double ovens and two sinks help meet entertainment demands. Radiant floor heating provides a warm feeling underfoot.

Red Hot Mama glass backsplash tiles add a bold splash of color and are complemented by the polished maroon Cohiba countertops. The cabinetry styles by Sleepy Hollow Custom Kitchens feature a combination of quarter-sawn white oak overlay style cabinets with an inset cabinet, finished in natural and dark coffee bean finishes.
